DEPARTMENT CHAIRS

RE: Delegation of Authority (DA) – Academic Personnel Items

The Academic Personnel Manual (APM) provides policies and procedures pertaining to the employment relationship between an academic appointee and the University of California. In accordance with the Academic Personnel Manual (APM) Section APM 100-d and with the authority delegated to me by the Provost, I hereby authorize you to approve the following academic personnel items:

- APM 241: Appointment, reappointment, five-year review of department vice chairs.
- APM 752: Leaves of Absence / Leave to Attend Professional Meeting, 7 days or less.
- Source of Authority: **UC Merced DA 207.**
- **This delegation supersedes UCM DA 211.**
- This authority may NOT be re-delegated by you.

Sincerely,

A handwritten signature in black ink, appearing to read "Tom Hanford".

List of Delegated Authority

Delegation of Authority – Administration of the Academic Personnel Program

The Associate Vice Provost in the Academic Personnel Office is delegated authority for:

- Designee for SVSH, abusive conduct/bullying and other complaint or investigation related activities
- Waiver of degree requirement for teaching appointments
- Designee for over 100% FTE appointments

The following chart outlines specific delegations to the department chairs, deans, Vice Chancellor for Research (ORUs), University Librarian (Library), and Associate Vice Provost. The Dean/Vice Chancellor for Research authorities may only be re-delegated to an associate dean or equivalent with prior approval from the Vice Provost for Academic Personnel. As an exception to normal delegation requirements, the dean may request from the Vice Provost to delegate the authority for Academic Student Employee recruitments, appointments and leaves of absence to the department chair with oversight provided by school staff. Those authorities that may not be re-delegated to an associate dean or equivalent are marked with an asterisk and notated.

When deans are considering re-delegation to associate deans, every attempt should be made for the approver of the Shortlist Report to be different from the hiring authority (appointment approver). As a best practice, the hiring authority, or potential hiring authority, should not be the approver of the Shortlist Report.

The Vice Provost for Academic Personnel retains authority for all exceptions to academic personnel policies.

RELOCATION (also known as removal or moving)

Relocation expenses are not provided automatically, nor do they constitute a perquisite of University employment; they are paid in accordance with applicable policy and IRS regulations. The reimbursement of moving expenses is at the sole discretion of the University and is subject to the availability of funds. The University's payment of these expenses may be considered taxable income to be reported by the new employee and, if to be granted, must be included in the initial negotiations with the appointee regarding employment with the University.

The Provost/EVC will provide funding to reimburse the appointing School/College/Department up to \$12,000 for relocation expenses for a single household and \$2,500 for professional office move. Relocation expenses for persons whose appointments are funded entirely from extramural funds, however, must be paid from non-State funds.

Appointees with any of the following title series or titles are eligible for payment of relocation expenses: Professor series, Lecturer with Security of Employment series, Assistant University Librarian, and Associate University Librarian.

If there is assurance an Acting appointee will be appointed in a regular rank within one year the appointee may be allowed relocation expenses.

Removal expenses for Teaching Assistants and Teaching Fellows are authorized as flat rates depending upon the point of origin of the authorized travel and without regard to actual expenses, in accordance with the schedule in APM - 561-18.

Appointees to the Professional Research series or Postdoctoral Scholar title may be reimbursed for removal expense if such payment is an allowable cost under the contract or grant.

Relocation expenses are granted to the household and not to the individual members, therefore reimbursement is based on the actual relocation expenses for any one household even though more than one member of the same household may at the same time be appointed to the University.

Relocation expenses are defined as the reasonable costs of moving household goods and personal effects to a new residence in Merced or adjacent counties. (Adjacent counties include: Stanislaus, Tuolumne, Mariposa, Madera, Fresno, San Benito, and Santa Clara.) UC Merced has contracted with moving vendors and the relocation process is coordinated Travel & Expense Management (E-mail: travel@ucmerced.edu). Reimbursement for relocation expenses will be processed and paid after the appointee's actual start date and determination of reimbursements that are taxable will be made in accordance with IRS regulations. (Taxable reimbursements will be processed through the payroll system for calculation and deduction of appropriate taxes. Non-taxable reimbursements may be processed using a CatBuy request.)

The relocation process cannot begin until the Academic Personnel Office has received the commitment/offer letter with the appointee's signature accepting the appointment. Appointees need to be aware that the entire process can take up to six to eight weeks and starting the planning process early is important. Appointees should be encouraged to prepare a full relocation plan as soon as possible upon accepting the appointment in order to provide sufficient time for review, approval, and coordination of the relocation activities. Preparation of a full relocation plan will also help avoid the submission of multiple requests and a piecemeal approach to the relocation.

Examples of allowable expenses include:

Packing, freight (but not storage), unpacking and insurance of household goods and personal effects, limited to one move per app household.

Air coach transportation for appointee and immediate family or an equivalent amount for other travel in accordance with standard airline fare polices and University travel regulations and supported by itemized receipts; including meals en route for appointee and immediate family (if travel is by automobile, the cost of meals is an allowable expense only to the extent that might have been necessary if travel had been by air coach).

Reimbursement of expenses incurred for relocation of the personal library belonging to a newly appointed faculty member is allowable only IF the library is to be made generally available to students and faculty at UC Merced.

Expenditures that are not allowed include expenses incurred for the assembly and disassembly of unusual items; reusable storage containers (e.g., plastic tubs or bins); relocation of animals (except household pets) or the costs associated with kenneling pets;

recreational vehicles; foodstuffs; building supplies; farm equipment; firewood; plants. A request for an exception must be submitted in writing and specify the purpose, circumstances or need, applicable dates, and the amount being requested. Any exception to policy must be approved in writing and the approval document must include either a specific amount or a statement regarding the maximum amount being approved (i.e., approved up to \$_____).

Relocation Activity ¹	Exception Authority
Reimbursement for over one-half the total cost for moving household goods and personal effects.	Provost/EVC
Payment of expenses incurred for picking up household items from locations other than the appointees home (as defined in IRS Pub. 521), from more than one physical location, or delivery of household items to more than one location.	Provost/EVC
Relocation to a non-adjacent county.	Provost/EVC
Reimbursement exceeding the allocated \$12,000 for relocation expenses for a single household and \$2,500 for professional office move when the additional funds will be charged to the appointee's start-up allocation.	Provost/EVC
Reimbursement of relocation expenses of the employee and members of his or her household not incurred within a year of the appointee's start date.	Provost/EVC
Actual and reasonable expenses related to relocating (shipping or driving) personal vehicles above and beyond the two allowed. (If the appointee decides to drive his or her personal vehicle, the appointee will be reimbursed at the mileage rate published in BFB G-28, Appendix A for the shortest route from current.)	Dean
Extension beyond the allowed 30 days of temporary lodging, including meals if the temporary lodging does not have cooking facilities.	Dean
Transportation of household pets consisting of domesticated animals normally kept or permitted in a residence.	Dean
Extension beyond the allowed 30 days of actual and reasonable storage for household goods immediately after their removal from the primary residence.	Dean
Using a vendor not included on the current UC Merced list of contracted vendors.	Dean
Expenses incurred for car rental in situations where the personal vehicle is <u>NOT</u> shipped.	Dean

¹ Reimbursement for expenses incurred under an exception may be taxable and shall be processed through a payroll transaction and not included on the purchasing request. Questions regarding the taxability of a specific request may be directed to staff in the School or Travel & Expense Management

HOUSE-HUNTING

The University of California, Merced will cover up to \$2,500 in travel expenses as allowed under University policy for a house-hunting trip to Merced and adjacent counties for appointees with a permanent, base funded, position. The reimbursement of house-hunting expenses is at the sole discretion of the University and is subject to the availability of funds. The University's payment of these expenses may be considered taxable income to be reported by the new employee and, if to be granted, must be included in the initial negotiations with the appointee regarding employment with the University.

Reimbursement for house-hunting will typically be funded using a portion of the funds allocated for recruitment related expenses.

In exceptional cases optional funding may be utilized. The Provost/EVC must approve use of alternative funds, especially in any case where a portion of start-up funds will be used to cover house-hunting related expenses.

Reimbursement will be provided through the appropriate processes after the appointee's actual start date and a reimbursement request supported by original, itemized receipts has been submitted.

A house-hunting trip should not exceed 2-3 days; however, an extension request can be submitted to the appropriate dean for approval.
